

Parkview Panthers
Birthday Book Program
Help our library grow!

What is a Birthday Book? It is a book that is purchased for \$15.00 by family or friend and presented to a student or staff member in honor of their birthday during our monthly assembly that is closest to their birthday. The student's picture, birth date and presentation date will be placed inside the front cover of the book. The student keeps the book for two weeks and then returns to the school library. The book will then be permanently added to the school library for other students to enjoy.

Birthday Books will be presented to the student during their class library time the last week of the month. June, July, August, and September birthdays will be presented in September.

Books are ordered in advance and kept in the library for purchase. These preselected titles have been recommended by teachers, students or were placed on a state recommended or accelerated reading list.

Books may be purchased any time during the school year and can be held until the student's birthday as long as the book was paid for in advance.

If you do not select a book at the beginning of the school year, an attempt will be made to contact you when it is time to select a book.

Parents are welcome to select a birthday book from the list online or contact the librarian before school and after school until 3:30 p.m. by phone. Librarian can also be reach by email during school hours. School hours are reserved for classroom use.

Complete form below and return to the office or library with your payment. Exact cash or checks made payable to Park View Elementary. No credit at this time

This program helps our library to continue to grow and purchase more books for students to enjoy. If you have any further questions, please contact Janeen King, Librarian at 599-1882
